- Tracked sales and inventory.

Skills

Complex Mathematics

Studying physics has honed my analytical thinking and my math knowledge.

Software Skills

Proficient in Javascript, HTML and CSS, as well as the Adobe suite, Github, and MS Office. Capable in Python and bash scripting.

Writing Skills

Practiced writing in both a technical capacity in physics, and for various upper division college classes in the Humanities. In 2023, I won a campus-wide competition for creative writing.
